**THE BEST
FOR ROAD MARKING**

JETPACK 600 AND ITS TROLLEY **SAFETY GAS HEAT TORCH FOR THERMOPLASTIC ROAD MARKING**

The Jetpack 600 and its trolley allow you to move around easily during your floor marking work. The trolley is a real workstation, ensuring that everything is close to hand with its on-board tool kit, quick lance attachment system and 8 meters hose.

Fire extinguisher can be added thanks to a dedicated support. You can move the gas cylinder easily and safely thanks to its 2 puncture-proof wheels and a holding strap. An electric piezo igniter is stored in the handle guard and can be changed in 10s without tools for a better productivity.

The Jetpack thermal lance, with its double safety Securipack regulator, and dead man's handle, ensures safe work.

Finally, the ergonomic bi-material handle and the angled rotating connection for self-alignment of the hose offer you comfort in use.

TECHNICAL SPECIFICATIONS

Heat power	90 kW
Gas pressure	4 bars
Gas consumption	5,9 kg/h
Torch overall length	950 mm
